"A man who has \$200 in the bank and buys a \$2,000 automobile has gas on the brain."—Bishop Quayle.

There may be better ways to treat an enemy than ignoring him, but we've never found anything that beats it.—Springfield Republican.

There's one thing to be said for a person with a grievance—he's always unselfish enough to want the whole world to share it with him.—Farm Life.

A GOOD FARMER

It is a bigger thing to be a good farmer than some of us think. There are those who seem to think that if we draw on a pair of overalls, follow the plow all day and worry a whole lot about the weather and things, therefore we are fine farmers. Land sakes, a stovepipe hat and a book under your arm don't make you a preacher. The thought you put into your work, the smiles you get from the earth when you tickle it in the ribs, the real good you do—these are the things that make you a farmer. Size yourself up once in a while. It

will do you—and the rest of us—lots of good.—Farm Life.

DOUBLE WEDDING

A double wedding took place on Monday evening at 8 o'clock when Miss Lucy Potter became the bride of William Brooks, and Miss Flossie Potter became the bride of Virgil Wilson. The ceremony was read by Justice E. A. O'Dwyer in his office. Miss Lucy Potter, for several months, has been an employee of the Fredrick Cigar factory, and her sister, Miss Flossie Potter is from Jenkins, Mo. Mr. Brooks and Mr. Wilson are employed at the Jones Grocery store at Sixth street and Broadway. Only immediate relatives and friends were present at the wedding.

Mr. and Mrs. Brooks have taken light housekeeping rooms at the corner of Third and Bond streets, and Mr. and Mrs. Wilson will reside with the bridegroom's mother, Mrs. W. N. Wilson on Third street.

Mrs. W. J. Fleming, who was called to Springfield several days ago by the serious illness of her aunt, Mrs. Lloyd, telephoned Wednesday morning that her aunt had died. Mrs. J. A. Livesay went to Springfield Thursday morning to attend the funeral.

CHIEFS MAY PREVAIL AGAINST WALKOUT

Leaders of "Big Four" Say They Have Little Doubt That Employees Had Voted For a General Strike.

Chicago, Sept. 26.—Leaders of the "Big Four" Brotherhood and affiliated railroad unions tonight declared that they had little doubt that the railway employees had voted for a general strike, rather than accept a wage reduction, but announced that the conservative counsel of the leaders might prevail against a walkout.

General chairman of the Brotherhood of Railway Trainmen began counting the 186,000 strike ballots of their men, but admitted before the first envelope was opened that, judging from the known temper of the men, the result will be overwhelmingly in favor of a strike. Pressed for an estimate as to what that majority might be, Vice President James Murdock said:

"Our past experience has been that 98 per cent of the men will always vote to strike."

Next Monday officials of the Brotherhood of Locomotive Engineers, Order of Railway Conductors, Brotherhood of Locomotive Firemen and Enginemen, and Switchmen's Union of North America will meet here to count the strike votes of their 259,000 members. Railroad union leaders here expect all the brotherhoods and the switchmen's union to cast substantial majorities for a strike.

The affiliated shop crafts have already voted, by approximately 325,000 to 48,000, to walk out, and are only waiting to see what action the other unions will take and for the United States railroad labor board to decide on the pending working rules.

The trainmen voted on a separate ballot because their leaders did not approve of the joint ballot prepared by the other unions. On September 12, President W. G. Lee, who has been ill at his home in Cleveland, addressed a circular letter to the men, who were then in the midst of the balloting, in which he pointed out five reasons why he thought a strike would be unwise at the present time and why the men might expect to accept some wage reductions.

"The executive of a labor organization that fears to tell the truth or point out dangerous places ahead to the membership of his organization is not worthy of the title of leader," Mr. Lee said.

He then asked the men to consider the fact that wages and working conditions of all classes, established since 1918, were "the result of a world war such as never before known that 5,000,000 men are now unemployed; that nearly all classes of labor have been forced by mediation, arbitration, strikes or lockouts to accept reduced rates of pay during the past year; that the increased wages granted railroad men last year were based on increased cost of living, and that government reports indicate a 16 per cent cut in living costs since July first 1920."

Mr. Lee's letter, however, apparently has failed to influence the voting, the general chairmen reported today.

The strike vote, however, union officials pointed out, does not necessarily mean the immediate calling of a strike. The question as submitted to the men carried a vote for or against "a strike unless the wage reduction question can be settled in a manner satisfactory to the general grievance committee representing the class of service in which I am engaged."

The grievance committee probably will meet here as soon as the strike vote is canvassed, it was said today, and either take steps to reopen negotiations with the roads or set a date for the walkout.

HIGH SCHOOL NOTES

By Burt Johnson.

Tuesday afternoon Sarcoxie and Monett engaged in an hour and a quarter scrimmage. Both coaches were thus able to correct the faults of their players while they were fresh in their minds. W. Reynaud took the place of M. Reynaud, who has an injured wrist, at quarter back very creditably. Coach Engleman gave every man in uniform a chance to play.

Friday morning Mr. Engleman gave the "Terman Group Test of Mental Ability" to the Freshmen. This test is being given in three other high schools in the state by a graduate of the University of Chicago for his graduating thesis. This test will also be of great value to the faculty in determining for what a student is best fitted.

In the absence of Reynaud and Boss who were injured, new quarterbacks were tried out. In case either of these men are out of the game, either W. Reynaud or Russom could handle the team with credit as was shown Monday. New ends are also being coached. In case of accident to an end we shall not have an inexperienced man to take his place.

The debating question has been announced. It is "Resolved, that the principle of the closed shop should prevail in American industry." Much interest is being shown in debating this year. Work will commence immediately by the students on their talks for the preliminary debates. Mr. Engleman will send for debating material from the University library at Columbia.

A plan of social recitation is being tried in Miss Wright's English class. The plan is that there be a chairman, secretary and vice chairman, also committees on literature and grammar, written work and oral composition. The committees meet with the teacher each week to plan the work. The chairman of the committee presides over the class on the day his subject is being studied. Officers are elected each month. The present officers are: general chairman, Eunice Arnaud; secretary, Hoyt Stocker; vice chairman, Vernon Bradford; literature and grammar, Tommie Tutt; written work, Hattie Porterfield; oral composition, Joe Paul Lane. Joe Lane had charge of the class Monday.
